HEART OF THE BRAZOS ORAL & FACIAL SURGERY HOST CONTINUING EDUCATION SEMINAR

HBOFS will host special guest, Prosthodontist, Dr. Larry B. Grillo of Aventura, Florida on Thursday, July 9th, 2009 at the Summit Dental Lab in Waco, Texas at 5:00 P.M.

Dr. Larry B. Grillo maintains a private practice in South Florida with a special focus on implant and esthetic dentistry. He graduated from The University of Texas at San Antonio Dental School in 1986. Dr. Grillo works closely with oral surgeons, orthodontists and periodontists, in the multidisciplinary treatment of patients requiring implant therapy and complex, esthetic, dental rehabilitations. He has extensive clinical experience in the treatment planning and restorative aspects of implant dentistry and is well-versed with the various currently available prosthetic options. Dr. Grillo lectures on a comprehensive approach to designing and delivering esthetic dental reconstructions utilizing implants.

As an early adopter of intra-oral cameras and networked, chair-side computers, Dr. Grillo also advocates and lectures on the use of advanced technologies in dental practice. He is currently serving as: **Restorative Director for the Miami based ISTM an Implant Soft Tissue Management Course with Dr. Anthony Sclar, as associate faculty at Barry University's Sports Medicine Program, as senior partner of Aventura Dental Arts and as a product advisor to several dental companies.** With an engaging, interactive lecture style, Dr. Grillo brings a practical, real world approach to esthetic, restorative dentistry. ###

**HBOFS will provide 2 credits for attendance during Continuing Education course
