## **HEART OF THE BRAZOS ORAL & FACIAL SURGERY CELEBRATES 2ND ANNIVERSARY IN WACO**

*Doctors Bring Unique Experiences to Central Texas*

**Waco, TX-** When former US Army surgeon, Dr. Charles Clark left military service to begin another phase of his medical career serving patients in private practice he did not imagine how quickly his dream of building something different in Central Texas would grow so quickly. Within one year, the Heart of the Brazos Oral & Facial Surgery dental and medical practice would add a second doctor, Waco native Dr. Scott Warren.

Dr. Warren returned to his roots joining the practice as the only dual degree Oral & Maxillofacial Surgeon and Medical Doctor in Waco.

Together the two doctors have brought state of the art medical technology and advanced procedures in medicine to their patients. Patients have come from different parts of the country including Illinois and New York as well as patients from many cities across Central Texas; Groesbeck, Mexia, Teague, Hillsboro, Corsicana, Temple & New Braunfels.

Serving the US Army for twelve years provided Dr. Clark the experience in advanced procedures he has been able to utilize in his own practice. His military experience included performing surgeries on service members with traumatic injuries associated with combat military service and was selected for the Army's specialty Head and Neck surgical team in Iraq, attending to patients with explosive and gunshot injuries to the face. Dr. Clark's background offers patients in Central Texas a level of care that has not been available in the past.

As the only dual degree Oral and Maxillofacial Surgeon in Central Texas, Dr. Warren brings a unique experience to the area. Dr. Warren's experience in treating children in the Andes Mountains of Columbia with cleft lip and palate repair have been beneficial as he treats patients at Heart of the Brazos Oral & Facial Surgery. The practice of Drs. Clark & Warren employs a clinical staff made up entirely of Registered Nurses certified in Advanced Cardiac Life Support and Pediatric Advanced Cardiac Life Support and oral surgery assistants.

**WHEN / WHERE / WHAT: On Friday, September 18th, Heart of the Brazos Oral & Facial Surgery will be thanking Central Texas with a private 2nd Anniversary celebration (by invitation only) at the practice, 103 Burnett Court, Woodway, Texas. An estimated 300 guests will attend the celebration, kicking-off at 4PM until 7PM. The catered Texas style event will include BBQ, hay rides for children, Magic Show by 'Jumper the Clown' and live music provided by the Central Texas band, "Sloppy Joe".**

In addition to performing surgeries at the main location in Waco, Heart of the Brazos Oral & Facial Surgery performs surgeries at a satellite office in Navarro County in the city of Corsicana. ###
