

Employee Wellness Programs are essential to the long-term viability of all businesses. Every year thousands of employees miss work due to some type of illness. *Heart of the Brazos Oral & Facial Surgery* is dedicated to quality healthcare for the patient & **proactive health practices before illness strikes.**

By taking a proactive healthcare approach to personal Wellness can save an employee future health issues, the employer less absenteeism and lower insurance costs.

Heart of the Brazos Oral & Facial Surgery's **"GETTING TO THE HEART OF YOUR ORAL HEALTH"** Wellness Program is presented by Heidi Clark, RN, MSN, CCRN, ACNP. Mrs. Clark has served in various medical positions, including as Director of Cardiology Services at Doctors Hospital in Augusta, GA and, Nurse Manager of Cardiac Catheterization Laboratory & Cardiovascular Clinic at Walter Reed Army Medical Center in Washington, D.C.

As Clinical Director at Heart of the Brazos Oral & Facial Surgery, Mrs. Clark will present how oral health can affect the health of the heart including warning signs, risk factors and how oral health impacts the disease.
